# ATRIUM™ PACKAGING

*Serving Our Schools*  
a division of WNA™

WNA™ Atrium™ is one of the leading national suppliers for stock and custom food service packaging for school systems throughout the United States. We provide the widest variety of products specifically designed with educational foodservice in mind.

## Why are WNA™ Atrium™ serving products better?

- Packaging designed specifically for schools
- Provide cost effective solutions to packaging needs
- Products that make it easier for school districts to meet National School Lunch Regulations and Guidelines
- Containers for both hot and cold foods
- Packaging to highlight the taste preferences of a diverse student population

## Benefits of products made with #6 OPS

- Low Cost
- Excellent Clarity
- FDA Approved - Section 177.1640
- Kosher Certified
- BPA Free
- Stacking Capabilities

## Benefits of products made with #1 PETE

- Durable Packaging
- Superior Clarity
- Kosher Certified
- BPA Free
- Withstands Quick Freezing
- FDA Approved - Section 177.1640

## WNA™ Atrium™ and National Meal Programs

Through the Healthy, Hunger-Free Kids Act 2010, the United States Department of Agriculture made the first major changes to school meals in several years. In keeping with the Healthy, Hunger-Free Kids Act, WNA™ Atrium™ offers packaging that complements these new regulations and provides facility efficiencies for meal preparation and service.

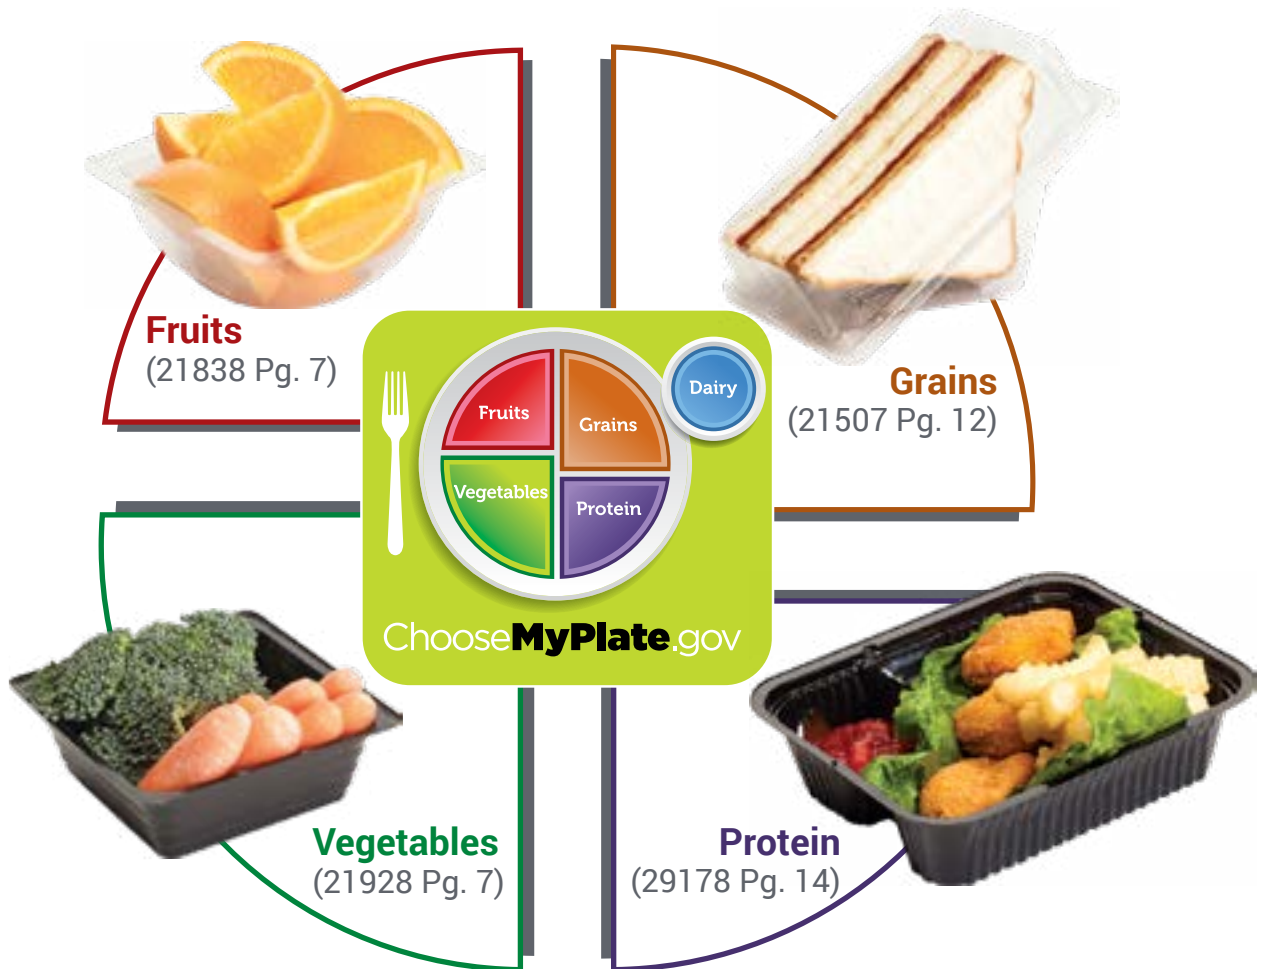

# National School Lunch Program

## WNA™ Atrium™ and Choose MyPlate

Schools provide over 30 million meals throughout the school day. These meals are based on nutrition standards from the USDA. New nutrition standards for schools increase access to healthy food and encourage students to make smart choices. WNA™ Atrium™ provides a wide variety of products to meet these standards.

The USDA food guidance system is comprised of the new MyPlate symbol and other materials to help consumers make healthy food choices and to be active every day. Look for containers to fit the following requirements:

# Featured Products

## Offer versus Serve

### Benefits of Offer versus Serve - Single Serve Portion Trays

- Students can choose the foods they want to eat
- Less food gets thrown away
- Students take less time in the school breakfast or lunch line
- Students have the chance to try new foods
- Students eat more fruits and veggies because they pick what they like
- Designed with schools in mind

### Look for these symbols

PETE Plastic  
(Polyethylene Terephthalate)

(Polystyrene)

Ideal for Cold

Ideal for Hot and Cold Foods  
(up to 180 degrees F)

# Offer versus Serve

Single serving portion trays enhance your school serving line by offering a large variety of shapes and sizes to complement your Offer versus Serve options. Trays stack easily and allow for pre-portioning of fruits, vegetables, salads, and snacks. These versatile trays will help reduce excess inventory by fulfilling many applications in your facility. **Suitable for hot and cold foods.** Check with your local recycling facility to ensure these containers will be accepted.
