

NEW CRYSTAL SEAL[®] reFRESH[®]

Our **NEW** Parfait Cups are raising the bar when it comes to on the go convenience. Parfait Cups are made from our EcoStar[®] material, that is made of curbside-collected material and contains 75% or greater, post-consumer PET recycled content. These Parfait Cups are 100% recyclable, lock in freshness, and are able to mix and match each base and insert tray while keeping your food looking fresher longer.

The Parfait Cup Line offers an 8-ounce or 12-ounce size base, that comes with a flat, dome, or pedestal lid option. Each base has a tamper evident hinge that locks in freshness and keeps your product safe until you are ready to open each cup. Insert trays fit securely inside each base, so that wet and dry ingredients can remain separated and mixed in later.

The Crystal Seal reFresh Parfait line allows you to mix and match the bases and insert trays to fit your product in the best way. Parfait Cups offer a single or two compartment tray that separate ingredients. These compartment trays fit securely inside each base and each base fits securely into a standard car cup holder, allowing you to take them on the go while making your product the star.

- **Made with ecostar.**

EcoStar is made of curbside-collected bottles and thermoforms and contains 75% or greater, post-consumer PET recycled content and is 100% recyclable

- **Tamper Evident**

- **Mix and Match Lid and Insert Tray Options**

.....
