

Save Time and Money With LK[®] Pan Liners

POLY-NYLON PAN LINERS

Unmatched protection and durability

VALUE PLUS

The value leader in ovenable pan liners

1 MIL POLY NYLON PAN LINERS (PL)

- 1 mil thick Polyethylene & Nylon material
- Excellent in any application from the oven to the serving line
- Temperature range -70° F to 400° F
- Packaged 100/case

0.8 MIL PAN LINERS (PVL)

- 0.8 mil gauge thickness for rugged performance at a great price
- Made with Elkay-exclusive PTL material
- Temperature range -100° F to 400° F
- Packaged 100/case

0.48 MIL PAN LINERS (PTL)

- 0.48 mil gauge thickness provides better flexibility for excellent fit in the pan
- Made with Elkay-exclusive PTL material
- Temperature range -100° F to 400° F
- Packaged 200/case

Pan Liners are also excellent for short-term food storage: just lift them from the pan and close with a twist tie!

BOR3425HD	Hotel Pan Deep	20 ¹³ / ₁₆ X 12 ¹³ / ₁₆	6	34 X 25	0.5	250

COST SAVINGS

With minimum wages in restaurants on the rise, the use of pan liners is a great way to save on labor costs in cleaning and scrubbing the pans. Nineteen states raised their minimum wage on January 1, 2017, and three additional states are scheduled to raise their minimum wage on July 1, 2017. That means that this year alone, businesses in 22 states are facing higher labor costs because of the higher minimum wages.
