

THE READY. CHEF. GO.® PROGRAM CAN HELP GROW SALES AND INCREASE PROFITS OF SEAFOOD, MEAT AND PRODUCE WHILE GIVING GROCERS AND PROCESSORS A UNIQUE COMPETITIVE ADVANTAGE.

READY. CHEF. GO.® STEAM COOKING BAGS

Grocers and processors love the Ready. Chef. Go!® Steam Cooking Bag program because it can help grow sales and profits of deli and fresh seafood, meat and produce items. Ready. Chef. Go! gives retailers and processors a distinct competitive advantage because it's an easy to implement program and consumers love this fresh and convenient meal solution.

Ready. Chef. Go! Steam Cooking Bags are available for either oven/microwave or oven/grill use, and they're available in multiple sizes and configurations that accommodate different meals or side dishes. These remarkable bags use steam to cook seafood, poultry, meat and produce to perfection in a fraction of the time of traditional cooking methods.

Grocers and processors nationwide use Ready. Chef. Go! bags to prepare fresh and convenient ready-to-cook meals and side dishes. Consumers love the taste, speed and convenience, while retailers love the added sales and margin that the cooking bags can produce.

MARKETING & OPERATIONS PROGRAM

Awareness and enthusiasm are vital to your program's success, and the Ready. Chef. Go! team can provide guidance and assistance to make your program successful. The training documentations, point of sale materials and operational support that we can provide can help take your perishable product sales to the next level thanks to Ready. Chef. Go!

A VARIETY OF READY. CHEF. GO!® BAGS ARE AVAILABLE TO CUSTOMIZE YOUR PROGRAM

MICROWAVE AND OVEN BAGS

Microwave and Oven Steam Cooking Bags provide the ultimate in cooking speed and convenience to the consumer, making them the most popular choice. They're available in several sizes and configurations so it's easy to find the right bag for your program.

SINGLE COMPARTMENT COOKING BAGS

- Available in plain or printed with instructions and recommended cooking times.
- Available with self-seal adhesive closure or heat seal closure.

DUAL COMPARTMENT COOKING BAGS

- Cook protein and side at the same time for speedy meal preparation.

STAND-UP POUCH

- Outstanding product presentation in the refrigerated case
- Great for packaging fresh produce

OVEN AND GRILLING BAGS

These bags feature an aluminum bottom with non-stick inner liner and are the perfect choice for a backyard cookout, camping or for use in a conventional oven. Consumers love these bags because they eliminate the need to flip food on the grill and eliminate annoying grill flare-ups that necessitate constant monitoring.

- Features a clear window, foil backing and non-stick siliconized paper layer
- Adhesive seal bag for convenience and to lock in flavor and juices

PRODUCE POUCH

Ready. Chef. Go!® Stand-Up Produce Pouches are an excellent way to merchandise your fresh-packed produce. Consumers love the convenience of pre-packaged, ready-to-cook fresh produce and the bags steam cook the vegetables to perfection in a matter of minutes with microwave convenience.

- Microwavable steam pouch for delicious vegetables in minutes.
- Handy zipper closure and die-cut handle.
- Bottom gusset design for display and cooking convenience.
