

# Resealable Lip And Tape Bags

Sandwiches, Paninis, Wraps, Kaiser Rolls, Cookies and Brownies never looked better than when packaged in Elkay's resealable lip and tape bags! They're made from Polypropylene (PP) or Co-Extruded Polypropylene (PPE) for outstanding product presentation and excellent food protection. The tape holds securely and can be resealed multiple times.

But they're not limited to use with food. There are many applications for these bags outside of Foodservice; as an example, they're very popular for retail packaging of clothing and other items. Let your imagination run wild, and watch your sales skyrocket!

- Easy to load and seal. Just peel the tape to expose the adhesive, fold over and press to seal!
- Excellent strength and outstanding clarity for superb product presentation.
- Lip and tape closure provides a strong seal that can be resealed multiple times.
- Available in popular sizes for sandwiches, wraps, baked goods, brownies, cookies and more.
- Custom printing available through the Elkay® Custom Department.
