

PULL-N-PAK® Bagging System

Sustainable Solutions

Ocean Plastic

PULL-N-PAK®

Made with recycled plastic collected off beaches in third world countries before it gets into the ocean

Made with Recycled Ocean Plastic material which is:

- Recycled material made out of plastic collected from third world coastal countries that are major contributors to our ocean pollution problem
- As large quantities of plastic needs to be collected, this effort has created new jobs for over 9,000 people in countries of Haiti and Mexico. By collecting one "Super Sack" full of plastic, they are able to make enough to feed a family of 4 for 1 month!
- Rolls available for both our PULL-N-PAK® & Storewide Mini-Dispensers
- Made in USA

Turn the Tide
on ocean pollution & poverty
